

**Crosswalk from Environmental Cost Element Structure (ECES) to  
Hazardous, Toxic, Radioactive Waste Work Breakdown Structure (HTRW WBS)**

To allow user the flexibility to utilize ECES or HTRW WBS, Appendix B contains the crosswalk from the ECES to HTRW WBS. These were developed so that current ECES user can see what ECES elements correspond to what HTRW WBS element. For example, ECES code X.02.03.01 corresponds to the HTRW WBS element 32.05.01, Support Regulatory Meetings with Regulators.
